

Highly responsible

On Saturday, June 25, 2022, I was appointed representative director at the 15th General Meeting of Employees.

I am committed to make our workplace Fureai better for all the staff and the members. I will cooperate with you all, act as a foundation to support everyone so that we can move forward together and enjoy coming to Fureai with confidence. And I wish to become a representative who the members will say “We are happy to have Ms. Tomita”, taking over the former great representative, Mr. Yamane.

Every day, I feel happy to have met everyone at Fureai. I am yet a beginner as a representative. I’m looking forward to growing together with all of you.

Demonstration of fire hydrant: pressure of the water discharge was strong and sprayed quite high

Plaza Roku-chu evacuation drill

An evacuation drill was held at Plaza Roku-chu on June 28 (Tuesday), assuming that a fire broke out in the kitchen. Everyone could act calmly, so we were able to gather at the entrance quickly and safely. Although weather was not so great, we then had a lecture on how to handle a fire extinguisher and a fire hydrant and some participants actually used them to play water cautiously.

Editor's note

► This time, I have revived the Fureai Tsushin after a long absence. I was in charge of the original calendar article, but it was the first time in several months that I was in charge of an article, so I was writing to regain a sense. With the help of my colleagues, I'm relieved to be able to complete it without any problems.
